

Anesh Thapa Magar

Credit Analyst · Australian Residential & Investment Lending

Nepal & Australia | [linkedin.com/in/anesht-thapa-magar-aa29501a0](https://www.linkedin.com/in/anesht-thapa-magar-aa29501a0) | anesht-thapa.vercel.app

PROFILE

Credit Analyst with 4+ years of experience assessing residential and investment lending applications for Australian borrowers. Works closely with brokers to structure serviceability calculations, verify supporting documentation and get complex applications loan-ready, delivering clean, lender-friendly submissions that move files forward with fewer conditions and less back-and-forth. Combines meticulous financial analysis with a practical understanding of the pressures brokers and clients face during a loan application.

EXPERIENCE

Credit Analyst

2023 – Present

ODIN Mortgage, Australia · Remote from Nepal and Australia

- Assess serviceability and credit files for residential and investment loan applications against lender policy.
- Review income, employment and asset documentation for accuracy and lender-readiness before submission.
- Liaise directly with brokers and lenders to resolve conditions and clear applications through to approval.
- Contribute to faster average turnaround times through consistent, thorough first-pass file preparation.

Credit Analyst

2021 – 2023

[Previous Company], Nepal

- Analysed financial statements and credit history to support lending recommendations.
- Prepared structured credit assessment reports for underwriting review.
- Built the foundation in serviceability analysis and risk assessment carried into mortgage broking work.

- Documentation review

Tools & Communication

- Loan management CRMs
- Excel & financial modelling
- Broker and lender liaison
- Attention to detail

PORTFOLIO PROJECT

Interactive Credit Toolkit — anesht-thapa.vercel.app

Built browser-based calculators demonstrating core credit-assessment logic: serviceability with assessment-rate buffer and credit-card limit loading, P&I and interest-only repayments, LVR and DTI banding, and a file-readiness checklist that flags blocking documents versus likely conditions.

EDUCATION

Master of Arts in Economics — Tribhuvan University, Nepal

2024 – Present

Bachelor of Business Administration (BBA) — Tribhuvan University, Nepal

2018 – 2024
